

**MANY BLOCKS BURN
AT ST. ALBANS, VT.**
**LOSS IS ESTIMATED AT HALF
A MILLION DOLLARS.**

Seventy-Five Acres Burned Over and
Five Hundred People Homeless—
The Department Being Unable To
Cope With the Flames—Incendiary
Starts a Destructive Fire at Halifax.

St. Albans, Vt., May 20.—Flames
raged in the heart of this town from
3 o'clock yesterday afternoon until
late at night. The loss is estimated at
half a million dollars. Practically six
streets in the business portion of the
town are laid waste, and with the other
sections burned over, seventy-five acres
of ground are covered by smoldering
ruins. About five hundred people are
homeless. The town is strewn with the
household goods and personal effects
of those who managed to save their
property, or part of it, from the flames.
In addition to this, the streets and park
are littered with the stock of mer-
chants and the household furniture of
countless families, who moved out in
anticipation of the spread of the fire.
The courthouse, schoolhouses, and the
public buildings have been opened for
the shelter of the homeless, and num-
erous instances of pitiful destitution
demand the sympathy of the more for-
tunate. Forty business houses and
at least 100 tenements have been wiped
out of existence.

In the excitement of the hour it is
impossible to determine with certainty
the cause of the disaster. All that is
known is that the fire was first seen in
the lumber yard of W. B. Fonda. The
alarm was sounded at 3 o'clock, but
in a twinkling the flames had com-
pletely enveloped the property, and when
the fire companies reached the spot
there was no hope of saving anything in
the immediate vicinity. A high
southerly wind prevailed, and at a
glance it was evident that the most if
not the entire business section of the
town was doomed. The flames quickly
spread to adjoining buildings. The fire
was carried by sparks to the roofs of
houses and business blocks fully half
a mile away, and in five minutes was
raging in a dozen different places at
the same time.

The local fire companies were power-
less to stay the progress of the con-
flagration. No sooner were efforts dis-
tended toward extinguishing it in one
place than it suddenly burst forth with
redoubled fury in another. A remark-
able feature of the fire was that as soon
as the lumber yard was well ablaze the
fire jumped at least 500 yards and be-
gan to devour the buildings in the very
heart of the business portion of the
town.

Leaving the original source of the
conflagration, the firemen hastened to
stay its progress to the northward, but
without avail. The flames made head-
way in a nest of wooden rookeries in
the center of the block made by Lake
foundry, Main, and Kingman streets,
and from here spread northward to the
very limits of the business section. The
fire companies were absolutely helpless.
Fire was bursting out in place after
place in remote sections and confusion
reigned supreme.

Hundreds of men, women and chil-
dren rushed frantically about, carrying
their belongings to some supposed place
of safety, only to remove them as the
fire swept onward or to see them con-
sumed before they could be reached again.
At 5:30 help arrived from Burlington
and Swanton, but by this time the fire
was practically under control, although
it broke out here and there at intervals
and destroyed dwelling-houses and
some remote business place before as-
sistance could reach the scene. The
town is in complete darkness, the elec-
tric light and gas being cut off by the
fire. One theory as to the cause of the
fire is the explosion of a lamp by which
a woman was curling her hair.

A meeting of citizens was held and
measures taken to provide relief for the
destitute.

FIRE AT HALIFAX.

Inconvenience and Heavy Loss Caused
by an Incendiary.

Halifax, N. S., May 20.—Halifax was
visited by a \$300,000 fire yesterday and
there was not a cent worth of insurance
on the property destroyed. The flames
started on the Intercolonial railway's
long wharf in the cattle shed. Both
wharf and shed, in which were
sixty cattle consigned to Leaman &
Co., which had just arrived from the
interior, were soon consumed as well as
the freight and immigration sheds. The
fire then swept the immense coal-
pier, trestle work, and wharf of the
Dominion government, on which were
a number of loaded coal cars. The
property was owned by the Dominion
government and consequently was not
insured. The big iron ship Ananya,
which was loaded at the wharf, nar-
rowly escaped. The fire is thought to
have been the work of an incendiary.
The other government terminus was
destroyed by fire, and the loss of this
one means great inconvenience to ship-
ping and commercial circles.

Lowest the World's Record.

Los Angeles, Cal., May 20.—Fritz La-
cey, a local rider, lowered the twenty-
five mile competition race world's bi-
cycle record held by L. S. McIntosh
made at Chicago, August 12, 1894. Lacey's
time was 1:03:06 3-5. The record held by
McIntosh was 1:04:06 3-5. Emil
Brecht was second.

Fear Frost in Michigan.

Detroit, Mich., May 20.—Fruit grow-
ers fear a repetition of last week's
frosts. A light snow is reported from
the upper portion of the Lower Penin-
sula.

Defeats the American.

Paris, May 20.—At the Velodrome de
la Seine yesterday Houben, the Belgian
champion bicyclist, beat Banker, the
American, by a short length.

SILVERITES ADJOURN.

Address Issued to the People of
America.

Salt Lake City, Utah, May 20.—The
bimetallic convention has adjourned.
An address was issued to the people of
the country, setting forth the claims of
the states represented, California, Col-
orado, Idaho, Montana, Nevada, Ore-
gon, Washington and Wyoming, and the
territories of New Mexico and Utah.
The claim is made that the people of
these states, present themselves almost as
a unit demanding the free coinage of
silver and gold at the ratio of sixteen
ounces of silver to one ounce of gold,
with full legal tender functions accorded
to each and no discrimination against
either. The address continues: "The
monetary system of the country was
founded not upon gold alone, not upon
silver alone, but upon both silver and
gold, at a certain ratio to each other,
with no limitation upon the coinage of
either and each standing upon an equal
footing before the law. The system was
founded by Hamilton, sanctioned by
Washington and Jefferson, its wisdom
and justice questioned by no one until
the year 1873. In that year, without
notice to the people, the standard silver
dollar was dropped from the coinage
system of the country, and every debt
therein existing, public and private, ag-
gregating thousands of millions of dol-
lars, was made payable in gold alone.
Against this monstrous injustice the
members of the new party are pledged
to labor."

The following executive committee
was chosen: Colorado, E. B. Light;
Idaho, G. V. Bryant; California, H. W.
Langenour; Montana, F. T. Merrill;
New Mexico, T. Bradford Prince; Ore-
gon, Sydney Dell; Washington, W. C.
James; Wyoming, F. W. Mandell; Utah,
R. C. Chambers.

REBELS ARE SANGUINE.

Confident the Uprising in Cuba Will Be
Successful.

New York, May 20.—A special from
Santiago de Cuba says: "The insurrec-
tion grows with tremendous strides.
General Martinez Campos has changed
his opinion about ending the trouble in
three months. The chiefs are
greatly elated over the progress of
the revolution. They say that more has
been accomplished this month than dur-
ing the first five years of the last war.
They declare that this war will not last
more than two years, and may be termi-
nated in a very much shorter time if
the people of the other provinces do
what is expected of them."

"The original plan for a simultaneous
rising in all parts of the island failed,
and the plan now is to extend the wave
of revolution westward, sweeping the
Spaniards before it, until all Cuba is in
arms. For this purpose Gomez and Mar-
ti have gone to Puerto Principe, and
already comes news of encounters be-
tween government troops and bands of
Cubans formed in anticipation of their
arrival."

WILL REDUCE ASSESSMENTS.

Catholic Knights Will No Longer Con-
tribute to the Sinking Fund.

Omaha, Neb., May 20.—The last day's
session of the Catholic Knights of
America was taken up largely in the
discussion of new rules. The proposi-
tion of the Cincinnati members to in-
crease the salary of the president to
\$3,000 a year was rejected. One of the
most important acts of the session was
the resolution to stop contributing to
the sinking fund, which is now \$250,000.
It was determined that this fund is al-
ready too large, and that no reason
exists for its increase. Hence, after
July 1, 1896, no more money will be
added to it. Permission was given for
the organization of a woman's society,
to be known as the Daughters of Jose-
phine, which will have no real connec-
tion with the Knights but will be a sort
of a social complement of the Knights.

Britons Hold a Corner.

Tacoma, Wash., May 20.—Grain men
here say that English ship-owners have
cornered the wheat ships of the Pacific
coast.

"There is a scheme to hold wheat
ships in port," said Phil R. Kershaw,
of the West Coast Grain Company, to-
day, "until charters are run up to an
outrageous figure and then get the fair
wheat to load at fancy prices. I have
already advised all my clients to get
together and arrange at once with the
railroads to give a reasonable rate on
wheat shipment by rail to Chicago. If
this is done it will break the back of
the corner on ships. As it is, we are
bound hand and foot and are at the
mercy of a lot of English ship-owners
who have clubbed together to take ad-
vantage of the advance in the price of
wheat."

Dangerous Counterfeit.

Washington, May 20.—An entirely new
counterfeit \$20 treasury note, act of July
14, 1890, department series 1890, check
letter A, plate number O, portrait of
Marshall, W. S. Rosecrans, register of
the treasury; E. H. Nebecker, treasurer
of the United States; small carmine
scalloped seal, has made its appearance
in New York city. This counterfeit is
of the pen-and-ink process, well execut-
ed, and exceedingly dangerous. The
words "United States of America, Twenty
Dollars," which appear six times in the
border of the face of the genuine, are
wholly omitted from the counter-
feit.

Judge George J. Boal Dead.

Denver, May 20.—Judge George J.
Boal, the well-known attorney, is dead
at the age of 60, after a brief illness.
The greater portion of his life was spent in
Iowa City, Iowa, where he served sev-
eral terms as district judge and was for
a time a professor in the state college.
He was prominent in the Episcopal
church. His remains will be taken to
Iowa City for interment.

Secretary Smith a Happy Father.

Atlanta, Ga., May 20.—At Athens,
Ga., where Mrs. Hoke Smith is spend-
ing the summer, a daughter was last
night born to the secretary of the in-
terior.

**SUNFLOWER OSCAR
MAY NOW GO FREE**

WILDE MAY GET CLEAR OF
THE CHARGES.

Asked For and Was Granted a Sepa-
rate Trial This Morning While the
Co-Defendant, Taylor, Is, now Be-
fore the Court—Mexicans Kill Sur-
veyors—Other Foreign News.

London, May 20.—Wilde and Taylor
were assigned in court this morning,
and Wilde asked for, and was granted,
a separate trial. His case will not,
therefore, come up until the next term,
and it is thought that he will go free.
Taylor is now on trial.

El Paso, Tex., May 20.—Information
has been received here of a bloody re-
volt which broke out in a settlement
between the towns of Gaudaloupe Calvo
and Varvagama, in the state of Chi-
huahua, Mexico, a few days ago. The
trouble began when the natives living
in the district attacked a surveying
party under Capt. Morrison, an Ameri-
can, and killed twenty of the party.
The affair was reported to the com-
mander of Mexican troops at Parral,
who immediately started a detachment
of 100 men to the scene. Last Wednes-
day the troops were assaulted by the
natives and the troops retreated, leav-
ing half of their number dead and
wounded on the battleground. The ap-
pointment of the American, Morrison,
to survey the government land which
is now occupied by native farmers
caused the trouble. Morrison was to
receive a certain portion of the lands
for his work. The natives number
about 2,000 men, living in the district,
which is surrounded by mountains.
Troops have been ordered from Chihua-
hua to quell the revolt. Morrison es-
caped.

DEATH AND RUIN IN ITALY.

Many Cities Suffer Severely from an
Earthquake.

Florence, May 20.—The earthquake
that occurred here at 9 o'clock Sat-
urday evening has had serious conse-
quences. Thousands of people spent
Saturday night in the streets, and a
second shock at 11 o'clock increased a
thousandfold the first alarm. The
movement of the second earthquake was
slight. Some slight damage was done
and some persons were injured.

At Bari, near here, the casualties in-
cluded four deaths and many injured.
Numbers of houses were badly cracked.
Other villages in the vicinity suffered
still more damage. At Grassano forty
houses were wrecked. At Lapaghi sev-
eral buildings fell and three persons
were entombed.

The church at San Martino was de-
stroyed while full of worshippers, several
persons being crushed to death in the
ruins. Many who were wounded are
still in the ruins. The villages of Gal-
lezzo and Gambino were badly damaged.
The Prince of Naples and a corps of
engineers have gone to these villages
to aid in the work of rescue.

Capt. Trench Is Dead.

Victoria, B. C., May 20.—Captain
Trench, of H. M. S. Royal Arthur, flag-
ship of the Pacific station, who had
charge of the British troops landed at
Corinto, died April 30 and was buried
at sea the following day. He was sick
for but a few hours, suffering from gas-
tric fever. He was a middle-aged man,
and besides being popular among fel-
low officers and men had won the good
will of the admiralty by his sterling
ability. A number of the crew suffered
from malarial fever during the trip,
but there were no deaths.

Women to Preach in London.

London, May 20.—A feature of the
third biennial council of the World's
W. C. T. U. and the nineteenth council
of the British Women's Temperance
association is to be the occupation of
British pupils of different denomina-
tions by women. Among the churches
in which women have been invited to
speak are three of the best-known
churches in the world among what are
in England called "nonconformists,"
namely, Spurgeon's Tabernacle, City
Chapel.

French Route the Hovas.

Paris, May 20.—A dispatch from Ma-
janga, Madagascar, says that the first
battalion of the Colonial regiment had
a sharp fight with a body of Hovas
near Marovao. The Hovas fled at the
point of the bayonet, leaving sixty
dead and wounded. Thirteen of the
French were wounded. The French
then occupied the Hova camp.

Trouble Brewing in Salvador.

San Salvador, May 20.—The army is
being quietly increased. The cabinet
has not been called together for a
month on account of its opposition to
President Gutierrez. Congress still
sides with the opposition. The fears of
a Gutierrez dictatorship are increasing.

Earthquake Shocks in Austria.

Vienna, May 20.—An earthquake
shock was felt in Moravia, Southern
Hungary, and Dalmatia and also at
Lalbach, where hardly a day now
passes without one or two shocks be-
ing felt. Serious earthquakes have also
been felt in the Ionian islands.

Religious Riot at Antwerp.

Antwerp, May 20.—A collision of some
Catholic societies with the Liberal as-
sociations occurred yesterday and the
police were obliged to charge the mob.
Many arrests were made.

Coxey After Governorship.

Cleveland, O., May 20.—"Gen." Coxey
announces he will be a candidate for
Governor of Ohio on the People's party
ticket. He will make a canvass of the
state, holding his meetings in a huge
tent. The principles of the Coxey move-
ment will be renewed and the issue will
be made on these lines.

KENOSHA MAN LIBERATED AND
LOCKED UP.

Habeas Corpus Proceedings Were at
Once Followed By His Re-arrest
On the Charge of Forgery—and The
Chicago Grand Jury May Indict
Him—State Specials.

Kenosha, May 20.—[Special]—At-
torney Walter Marshall Cowell, who
is charged with complicity in a big
Chicago land swindle, was today re-
leased on habeas corpus proceedings,
and was immediately rearrested on a
charge of forgery. Efforts are being
made to have the Chicago grand jury
return an indictment against him.

Blaze at Stevens Point, Wis.

Stevens Point, Wis., May 20.—Fire
broke out yesterday morning, in the
Paff block on Third street, which was
nearly destroyed. The occupants were:
Buller & Burkholder, cigar manufactur-
ers; G. W. Adam, drug store, and O.
Riordan Bros., dry goods; J. C. Smith,
lumber office; Russ Lyon, dentist; Lie-
derkranz Society Hall, and the Adams
family, all of whose stocks and furni-
ture were badly damaged by smoke and
water. The entire loss amounts to about
\$10,000, on which there is an insurance
of about \$6,000.

Destroy a Brewery.

Menasha, Wis., May 20.—Fire yester-
day destroyed the brewery of Fred
Winz, in this city. The fire is thought
to have been of incendiary origin, as
there was no fire in the brewery at the
time. Loss about \$20,000; partly in-
sured.

FOR THE COMING WEEK.

Work Laid Out for Illinois Legisla-
tors.

Springfield, Ill., May 20.—The house
has now four weeks in which to dis-
pose of nearly 300 bills already on the cal-
endar, besides the bills which will be
sent over from the senate during that
period. From now until the closing day
of the session, June 14, there will be a
scramble among the members to get pet
measures advanced on the calendar.
There are now nearly 170 house bills on
the order of second reading, and every
day diminishes the chances for their
passage.

Mr. Merriam's motion to reconsider
the vote by which the train-robbing bill
failed to pass is a special order in the
house for Wednesday. It is expected
the motion to reconsider will prevail,
and in that event the bill will be re-
called to second reading for the pur-
pose of amending it so as to remove all
doubt that its provisions will apply
only to train-robbers and not to rail-
road strikers.

The Chicago drainage bill is a special
order for Thursday on third reading. It
is probable the bill will be passed with-
out opposition.

Senator Littler's anti-trust bill, which
was defeated a week ago, and which
the senate has voted to consider, is a
special order for to-morrow on third
reading.

Senator Berry's two bills to amend
an act extending the jurisdiction of
county courts providing that appeals
be taken direct to the supreme or ap-
pellate courts and to amend an act to
establish probate courts in counties hav-
ing a population of 70,000 and over are
special orders for Tuesday on third
reading. Senator Littler's revenue bill
is a special order on third reading for 2
o'clock Wednesday. Senator Dunlap,
chairman of the appropriation commit-
tee, will report early next week the
omnibus bill appropriating \$402,000 to
the thirteen state charitable institu-
tions which has been prepared by a
sub-committee and will probably be
rapidly advanced and passed.

AFTER THE NEW LAND.

Thursday Will Be a Day of Excitement
in Oklahoma.

Guthrie, Ok., May 20.—The news of
the President's proclamation opening
the Kickapoo Indian country to settle-
ment has created great excitement. All
is fever and excitement in the towns
surrounding the new Eldorado, and ev-
erything from a bicycle to a horse is
being put in readiness for a handicap
race which bids fair to equal the rush
to the Cherokee Strip, for 132,000 acres
will be thrown open to settlement next
Thursday at noon. All trains are bring-
ing in hundreds of prospective settlers
already, and Wednesday night it is es-
timated that 75,000 people will be lining
the borders of the Kickapoo.

ROBERTS IS PRESIDENT.

Elected at Denver by the Western Fed-
eration of Miners.

Denver, Colo., May 20.—The conven-
tion of the Western Federation of Min-
ers concluded its session yesterday.
The election of officers resulted as fol-
lows: President, Samuel Roberts, Butte,
Mont.; vice presidents, James Leonard,
Cripple Creek, and John Bevin, Granite
Mountain, Mont.; executive committee,
Thomas Graham, Samuel Colull, James
Maher and Richard Thomas, all of Mon-
tana, and Charles Alexander, of South
Dakota.

Spain's Apology Coming.

Washington, May 20.—Information
that Minister Taylor, at Madrid, the
department the full Spanish ex-
planation and disavowal in the Allan-
cencia incident. The receipt of this ex-
planation will close the interesting in-
cident, and its publication will be gen-
erally looked for.

ATTACK PRESIDENT DOLE.

Exiled Hawaiians Speak in Harsh Terms
of His Government.

St. Paul, Minn., May 20.—United
States Senator C. K. Davis of this city,
in an article in the North American
Review sharply criticised the course of
the Washington government in rela-
tion to Hawaii. The senator has re-
ceived a letter from eight Hawaiians
who were recently exiled from Dole's
domain in which they deny the prin-
cipal assertions of the senator's article.
They refer to the Hawaiian govern-
ment as one which, while "masquerad-
ing under a republican label, is the
veriest despotism of modern times,"
and repeat the charge that the mon-
archy was overthrown and the repub-
lic established in direct consequence of
the efforts of the American Minister
Stevens.

Killed by Jealous Rivals.

Vincennes, Ind., May 20.—Moses Lat-
ta, a young farmer of Lawrence coun-
ty, Ill., was assassinated on North
Third street last night shortly before
midnight. He had been spending the
evening with Miss Agnes Conlin, of
North Vincennes, to whom he was be-
trothed. A crowd of toughs set upon
him when he left the house and shot
him. Latta fell dead and the assassins
escaped in the darkness. The police
think he was murdered by jealous ri-
vals.

WAR IS DECLARED ON UGLY CANINES

WHEELMEN SAY DOGS ARE A
MENACE TO THEM.

Will Insist That the Law Be Enforced
And That the Animals Be Properly
Licensed—Want a Bicycling Ordinance
Drawn Up—The Rides
Taken Yesterday—Cycling Gossip.

If the local wheelmen carry out their threats and the old joke about the dog and the sausage machine is founded on fact, there will soon be a slump in the price of that toothsome dish. The bicycle riders are on the point of declaring war on the canine race or at least insisting that the law in relation to dogs be strictly enforced. Dogs are the bane of the cyclist's life as well as the menace of the limbs, and the town is full of them. They are all allowed the full freedom of the city. Some of them are very valuable, but the great majority are not worth the room they occupy. Wheelmen insist that it is very dangerous riding, especially in the evening when the dogs are out. The average canine sees in the bicyclist something to run after and bark at. Occasionally he will take a nip at the wheelman's leg or poke a paw into the wheel. Either means a hard fall and a broken machine and the wheelmen claim that the majority of wrecked wheels is traceable directly to the attack or collision with dogs in the streets, and they think it no more than right that the brutes should be restrained from running at large, or so trained that they will not, even in play, attack or chase passing vehicles. Several young men say they will carry revolvers and kill a few dogs, but then, perhaps they won't do it after all.

Want a Cycling Ordinance.

Another thing that Janesville wheelmen are agitating, is the passage of an ordinance by the common council regulating the running of bicycles in the streets. Many of the more careful riders fear that unless this matter is attended to very soon, the carelessness of some of the wheelmen may create a sentiment demanding a law that may be too severe, but it is hoped that an ordinance can now be formulated and passed which will be satisfactory to all parties.

Janesville riders went in many directions yesterday, but of all the different routes chosen the one most admired is the "Milton road, an eight mile spin up Milton avenue to Milton Junction; then a mile run to "Old Milton" and down again to this city. This makes a pleasant trip of seventeen miles which in good weather can be made in two hours. Farm houses and beautiful trees line the path all the way.

A Ten Mile Spin.

Two gentlemen accompanied by two lady friends braved the bad roads and weather yesterday and struck out for Whitewater, but when the Mt. Zion road north of the city was reached, the track would remind one of a trip through a stone quarry. The railroad was then tried for a mile and given up as a bad job, but the return trip to the city over the ties of the St. Paul road was more agreeable and the trip of four miles was made in short order. The roads on both sides of the track were lined with wild flowers, the most beautiful being violets, which are found in large numbers. On rounding a corner smoke was discovered, and it was found to come from a thriving camp of tramps. There were four men in the party, and they were having a high old time around the blazing fire. The bushes about their camp were loaded down with clothes which were hung out there to dry, but the tramps had nothing to say.

Presents For the Club.

A number of outside parties have donated numerous articles for the new club house of the Arrow Cyclers. The articles included are: Oil painting, given by Mrs. C. E. Watson; handsome vase, from W. G. Wheelock; two etchings presented by James Sutherland & Sons, and a table spread from Mrs. B. W. King. Nearly all the leading business firms have taken an interest in the club, and a number of valuable donations have been promised them.

Word has been received by the captain of the Arrow Cycling club, that the Rockford Cycling club, thirty strong, will arrive in the city next Sunday, if the roads are good. Twenty members of the Arrow club will ride to Beloit and escort the boys to this city, when the doors of the new club house will be thrown open for their benefit.

AN ANTI-SLANG CLUB FORMED

Janesville Young Ladies Pay Fines For Using Bad Words.

Janesville young ladies have given slang a black eye and hereafter those who dance in that direction, so to speak, must pay the fiddler. A club has been formed, the majority of the members of which reside on the east side. They recently took a trip to Milton on their wheels and when out two miles, the skirt of one of the ladies caught in the chain, which caused that fair damsel to say a naughty, naughty word that should always be clothed in bloomers. In this case, however, the provocation was great and the word was used unadorned and with considerable accent. The club was therefore formed on the spot and the fine for every member who utters a slang word, was fixed at five cents. At first the treasurer was kept busy taking in the coin, but as the club prospered and grew the occasions for payment grew gradually less until now it is a rare thing for any expression stronger than "my gracious" to be used, even when a chain breaks.

An O'er True Tale

Is a tale overdone. A harrowing tale is a tale a farmer tells. A sorrowful tale is one told by some of our "first citizens" to their family after trying to ride a Bike. A dog's tail—but that is another story, a tale told by a wag.

This tale is still another. We have an overload of real estate and we are going to unload. We offer a nice place, house, barn, well, some nice fruit and nearly three acres of land in the city for \$1,400 easy payments, the land alone is worth \$1,500 the buildings \$1,000.

We offer a nice little home with barn, city water, and other desirable features, in the heart of the city for \$1,300.

We offer a good new six room house with very large lot, well located for, \$1200.

We are building a very nice home, very central and beautifully located. We will sell it at \$250 less than it is worth.

We are building another a little farther out with a good large barn and very large lot, city water both to house and barn, we will sell for \$1700. This is a lovely home for any one.

We have homesites till you can't rest, at prices from \$150 up to any price you care to go and any one of them is the best in Janesville for the price.

Home seekers and investors both always can find at our office just what they want. We are headquarters on real estate of all kinds.

We also have money to loan on real estate, and can please you in this line, too.

Come in and see us when you feel like talking about a deal in our line. Yours very truly,

Geo. L. & Sarah H. CARINGTON.

Value Of Shoes Known.

Last Saturday proved that our stock of shoes was better known and appreciated than any other in the market. Our sales show an increase of \$60 over the Saturday before, and we know the people are satisfied. Becker & Woodruff.

A Glaring Error.

The cold types of Saturday made it appear that Beaumont De Forest would sell ice cream at 25 cents a gallon, when it should have been 25 cents a quart. Mistakes will occur in the best of regulated shops.

SAVED BY A CHANCE FROM DEATH BY GAS

CLOSE CALL FOR JAMES KEEGAN AND WILL WOOD.

A Partially Open Door and the Fact That T. H. Crumney Wanted a Horse and Buggy From Crall's Livery at The Unusual Hour of 4:30 a. m. Were Responsible.

A partially open door and the fact that Thomas H. Crumney wanted a livery rig at 4:30 o'clock Sunday morning, are the only reasons that James Keegan and William Wood are alive today. The gas was good and strong and there was plenty of it, and although Wood realized the difficulty, he was so far overcome that he could not arise and shut off the flow. The two men's escape from death was probably about as narrow as one as they will ever pass through again, but today both of them are completely recovered.

Keegan's home is in Stoughton and he came to Janesville Saturday to visit his friend, Will Wood who is employed in J. Crall's livery barn on East Milwaukee street. The two men retired first and Keegan turned off the gas. He shut off one burner, but in so doing accidentally turned on another. Not knowing that the death dealing fumes were pouring into the room both men went to sleep, but a door had been left partially open and a part of the gas escaped through that opening.

Wood Couldn't Get Up.

Some time during the night Wood was awakened and at once realized that something was wrong. He struggled to rouse himself from the stupor and tried to get up, but could not do so. Then he fell back on the bed and went to sleep again. Both men were inhaling the gas in steady draughts when Thomas H. Crumney, of the hardware firm of Crumney & Brooks came to the barn at 4:30 to get a rig. He pounded on the door but could not awaken anyone. Then he began to smell gas, and awakened Mr. Crall who lives above the barn. The two men then opened the door and found both Wood and Keegan were unconscious. The fresh air soon had its effect, however, and both men began to revive. Wood's condition was much the worse, and he was more or less affected all day, but this morning had recovered completely.

"It was a close call," said Mr. Crall in conversation with a Gazette reporter. "If the doors had not been partially open, both men would have died. Half an hour more, I think, would have been fatal anyway, and it was a lucky thing we found them when we did."

A GOOD WORD FOR ANGIE KING

Evening Wisconsin Has a Sketch of Janesville's Lady Lawyer.

In speaking of the women lawyers of Wisconsin the Milwaukee Evening Wisconsin has these graceful lines for Miss Angie King of this city:

"Angie King of Janesville, who is still a practicing attorney, was the second woman admitted to the bar in this state. She at once entered into an excellent practice and, it is said, has maintained it ever since."

THE TOWN TALK OF A DAY.

A. L. NELSON has just completed a handsome delivery wagon for the Riverside Steam Laundry, building the wagon in his little shop on Park street, and is a credit to any manufacturer. Mr. Nielson, it will be remembered, was burned out at the time of the Wilcox fire on Court street last fall, losing everything he had.

We can prove the merit of what we are selling. We know the factories that make the goods. We know the material they are made of and know what you can expect of them. You take no chance when you trade with us. Brown Bros. & Lincoln.

If we had only sold as many buggies in the entire season as we have sold already, we would have considered we did well. Two carloads gone and the third carload here. F. A. Taylor.

REGULAR meeting of the W. H. Sargent W. R. C. at Post hall tomorrow afternoon at 2:30 o'clock. As this will be the last meeting before Memorial day, a full attendance is desired.

Isn't it our store you always find full of customers? Do you know why? Our low prices. Just keep your eye on our advertisements. Bort Bailey & Co.

BRIEF BITS OF LOCAL NEWS

No mincing of words, no beating around the point. We come right out and tell you that we have a stock of shoes, the finest out and best we ever saw, \$12,000 of which we purchased in Fond du Lac, and \$18,000 worth of our own which we threw in just to make it interesting and the entire lot is going at 50 cents on the dollar. Every pair warranted. We knew what we were doing when we bought that stock and the public appreciate our work. Becker & Woodruff.

EVERY tub must stand on its own bottom. Shoes are exactly in the same line. If you buy 20 year old stuff you can't expect it to give wear. They may look a' right. An ancient highly perfumed egg might look the picture of innocence, but before gobbling it down it might be wisdom to examine it. We guarantee the age and quality of every pair of shoes we sell. Brown Bros. & Lincoln.

No buggies have been before the people as long as the Staver & Abbott make. As long as the oldest citizen can remember these buggies have been the leader and so remain today. As imitation and improvements advance so do Staver & Abbott buggies. This house has no old fogy ideas that cannot be thrown away. They are abreast of the times and so are their goods. That's why they can sell you a \$75 buggy for \$60. Lowell Hardware Co.

BECAUSE a horse shoe denotes good luck is no reason you should be shod like a horse. Many a respectable horse would object to wearing some of the old plunder now on sale. Still you can get prices of the old stuff then come to us and we'll knock the wadding out with our new stuff. We don't take a back seat for anybody when it comes to selling respectable shoes. Brown Bros. & Lincoln.

The most fortunate thing that has occurred in Janesville in a long time is Herney buggies, coming here for sale. Heretofore people had to go to Freeport to get this excellent buggy, and if they wanted another make, some other place. Now the people from the surrounding country come to Janesville, thus making this a center. F. A. Taylor.

The shoes we sell satisfies the people; they tell their friends about it, and those friends in turn tell someone else, and thus it is known all over Southern Wisconsin that we are selling a stock of \$30,000 worth of the finest makes of shoes ever known, at 50 cents on the dollar. Becker & Woodruff.

The eyes of the entire people of Janesville and southern Wisconsin are upon us. It's a great time we're having. Never were such prices on fine shoes known in this part of the country. Best shoes made 50 cents on the dollar. Becker & Woodruff. It does not require the oratory of a real estate man to sell those North shoes. Simply show the North mark, \$5 in plain figures and tell the gent that a three dollar bill does the job and its easy as falling off a log. Brown Bros. & Lincoln.

You need not hesitate if you can wear a 3, 3 1/2 or 4 shoe. Come in tonight. You can buy a pair out of that North stock for a dollar that used to sell at \$3 or \$4. We have too many small sizes. All new goods. Remember no chestnuts. Brown Bros. & Lincoln.

We will guarantee to sell you as good a buggy for \$60 as any other concern in this town asks \$75 for. It won't do any damage to come and see it anyway, and you perhaps can make \$15 in the operation. Lowell Hardware Co.

RACKET-raising roosters, you will find our line of boys' shoes the most complete of any in town. We have no paper shoes to hand you, but when it comes to the best shoes made in the country we are loaded for bear. Brown Bros. & L.

WHAT store outside the large cities, can show one hundred dozen teck and four-in-hand ties for ladies' shirt waists? We never do anything by halves. You never knew them so cheap. Bort, Bailey & Co.

We bought the stock to sell and we are selling it. 50 cents on the dollar is a great factor. Extra help Saturday and then a great many people left who could not get waited upon. Becker & Woodruff.

It's a chance that will never come again, the best silk known to the world, Natchaug, and at invoice price, just to introduce, a saving of one-fourth. Bort, Bailey & Co.

We sold \$60 more shoes last Saturday than the Saturday before, and this proves to us that our shoes are the best values at 50 cents on the dollar is a great factor. Becker & Woodruff.

Come in, lay down 50 cents, get a dollar's worth, \$1 get \$2 worth and so on up to the finest shoe there is, which we will sell you at \$3. Becker & Woodruff.

No two ways about it. It's the best lot of shoes ever in this town, 50 cents on the dollar. Becker & Woodruff.

We are making Janesville the buggy center of Southern Wisconsin; the famous Henney is the cause of it. F. A. Taylor.

We have lots of spring wraps; have cut the price in two in order to close out. T. P. Burns.

Look out for fairy tales. Fish stories are now in order. Brown Bros. & Lincoln.

MILLS WILL CLOSE FOR ALL SUMMER

LITTLE LIKELIHOOD THAT THE
SPINDLES WILL HUM.

It Is Said That The Organization of the Employees Who Joined the Union Men Will Insist on Their Demands and That the Managers Will Not Accede.

The organizing of the striking employees of the cotton mills will probably result in the closing of the mills for an indefinite period as the move on the part of the operatives indicates that they intend to insist on the ten per cent advance, and that they will not return to work until the managers of the factories accede to the demand.

"It looks now as though the factories would remain closed all summer," said one of the overseers this morning. "I am sure that will be the case if a union is organized this evening as intended. I understand that word comes from the company's office and that the mills will not be opened very soon again, unless the help returns tomorrow morning and a shut down now means a shut down for all summer. I am told that some of the overseers have been to the office and have been informed that in case the mills do not start up in the morning all hands as well as overseers, may look for work wherever they can find it, as the mills here will be closed until the market improves."

Two hundred of the cotton mill hands joined the union at the meeting of the strikers held at central Labor hall Saturday night and another meeting will be held this evening to perfect their plans. No action was taken in regard to resuming work, and probably none will be until after the formation of the union. John McKieue president of the Federated Trades Council opened the meeting and Thomas Cherry was chairman.

Called to New Fields.

The excellent work of Stuart A. Chase, general agent of the New York Life Insurance Company at this point, was easily noticed by his superiors and they took steps to get him associated with a better office and to have charge of a large territory. He was, therefore offered a share in the office at Milwaukee and given 305 Pabst building, he was also given the supervision of much more territory, having now under his control about one-third of the state of Wisconsin. Stuart moved his office to Milwaukee Saturday and his business headquarters will be there hereafter, but his sympathies and his residence will be with Janesville as in the past. It is quite a promotion for Stuart; he well deserves it, as he has hustled in season and out of season for the N. Y. Life, and has done some excellent work for them; they in turn appreciate this fact, and advance him as fast as possible in such a great concern. Our best wishes go to Milwaukee with Stuart, and we would like nothing better than to "write him up" as president of this great life insurance company.

Standing Room At a Premium.

It seems that as soon as the names Winslow and Lowell are mentioned in connection with a stock of any kind the people can scarcely wait until it is ready to be sold. They announced last Friday in a very modest way that they would open a shoe stock on River street for sale Saturday morning and Saturday morning early the people were there en masse. They kept coming all day long and way into the night. Every person available around Winslow's grocery store and Lowell's hardware store and all the help they had engaged besides were pressed into service. Even people who went into purchase were forced to answer questions and sort-await on people. W. H. Bonesteel can tell something about this. It was the greatest day in shoes, ever in the town, and when they counted up the cash after closing they discovered they had sold \$18,900. This sale is not for one day only but every day right along and when this stock is gone they will in all probability have something more for you.

THE TALMAGE SERMON

(Continued from Page 6.)

to be done. If the Bible be true, or as I had better put it, since the Bible is beyond all controversy true, the greatest battle is yet to be fought, and compared with it Saragossa, and Gettysburg, and Sedan were child's play with toy pistols. We even know the name of the battle, though we are not certain as to where it will be fought. I refer to Armageddon. The greatest discoveries are yet to be made. A scientist has recently discovered in the air something which will yet rival electricity. The most of things have not yet been found out. An explorer has recently found in the valley of the Nile a whole fleet of ships buried ages ago where now there is no water. Only six out of the eight hundred grasses have been turned into food like the potato and the tomato. There are hundreds of other styles of food to be discovered. Aerial navigation will yet be made as safe as travel on the solid earth. Cancers, and consumption, and leprosy are to be transferred from the catalogue of incurable disease to the curable. Medical men are now successfully experimenting with modes of transferring diseases from weak constitutions which cannot throw them off, to stout constitutions which are able to throw them off. Worlds like Mars and the moon will be within hailing distance, and instead of confining our knowledge to their canals and their volcanoes, they will signal all styles of intelligence to them. Coming times will class our boasted nineteenth century with the dark ages. Under the power of Gospelization the world is going to be so improved that the sword and the musket of our time will be kept in museums as now we look at thumb-screws and ancient instruments of torture. Oh, what opportunities you are going to have, young men, all the world over, under thirty. How thankful you ought to be that you were not born any sooner. Blessed are the cradles that are being rocked now. Blessed are the students in the freshman class. Blessed those who will yet be young men when the new century comes in, in five or six years from now. This world was hardly fit to live in in the eighteenth century. I do not see how the old folks stood it. During this nineteenth century the world has by Christianizing and educational influences been fixed up until it does very well for temporary residence. But the twentieth century! Ah, that will be the time to see great sights, and do great deeds. Oh, young men, get ready for the rolling in of that mightiest, and grandest, and most glorious century that the world has ever seen! Only five summers more; five autumns more; five winters more; five springs more, and then the cloak of time will strike the death of the old century, and the birth of the new. I do not know what sort of a December night it will be when this century lies down to die; whether it will be starlit or tempestuous; whether the snows will be drifting, or the soft winds will breathe upon the pillow of the expiring centenarian. But millions will mourn its going, for many have received from it kindnesses innumerable, and they will kiss farewell the aged brow wrinkled with so many vicissitudes. Old nineteenth century of weddings and burials; of defeats and victories; of nations born and nations dead; thy pulses growing feebler now, will soon stop on that thirty-first night of December. But right beside it will be the infant century, held up for baptism. Its smooth brow will glow with bright expectations. The then more than seventeen hundred million inhabitants of the earth will hail its birth and pray for its prosperity. Its reign will be for a hundred years, and the most of your life I think will be under the sway of its scepter. Get ready for it. Have your heart right; your nerves right; your brain right; your digestion right. We will hand over to you our commerce, our mechanism, our arts and sciences, our professions, our pulpits, our inheritance. We believe in you. We trust you. We pray for you. We bless you. And though by the time you get into the thickest of the fight for God and righteousness, we may have disappeared from earthly scenes, we will not lose our interest in your struggle, and if the dear Lord will excuse us for a little while from the Temple Service and the House of Many Mansions, we will come out on the battlements of jasper, and cheer you, and perhaps if that night of this world be very quiet, you may hear our voices dropping from afar, as we cry, "Be thou faithful unto death, and thou shalt have a crown!"

THE JANESVILLE GAZETTE

THE OFFICIAL CITY PAPER.

Entered at the postoffice at Janesville, Wis., as second-class matter.

THIRTY POUNDS OF WHEAT.

When free silver becomes a law, the next move by the enthusiastic cheap money crowd will be light weight wheat. If 412 grains of silver bullion, worth a trifle less than fifty cents, can be so manipulated as to pass for a dollar, there is no reason why thirty pounds of wheat worth thirty cents, can't be swelled up in some mysterious way as to pass current in this country for a sixty pound bushel worth sixty cents. One theory is just as practical as the other. It matters not what other countries think about it, this nation is able to stand alone, and if England objects to our standard of measure, she can let it alone. It would certainly be a nice thing for this country if thirty pounds of wheat represented a bushel and sold for the same money that double the quantity now commands. That is it would be nice for the man that raised wheat or who went to some other country and bought it at the actual value. It might be a little hard on the poor man that had to buy for consumption, but he would soon become accustomed to it, and by exercising a little imagination he would be just as well satisfied. If he could buy it with a fifty-cent silver dollar and keep up the delusion, he would be just as well off.

A farmer came into The Gazette office a day or two ago and asked if the paper intended to continue the same policy that it has been pursuing on the silver question. He was told that The Gazette had no sympathy with or toleration for a debased currency or a 16 to 1 silver coin. He said, "I am too good a republican to subscribe for any such measure. I read the Inter Ocean, the only Chicago paper that is second in the money question." He was handed a trade dollar and asked what it was worth. He didn't know and seemed a little surprised when he was informed that his own government issued it and put into it 420 grains of silver, and now refused to redeem it at 50 cents after stamping it a dollar. For the credit of Rock County it should be said that the man lives over in Green County where the principle product is limburger and pearls.

If Wisconsin ever introduces a bill for 30 pound wheat it will probably emanate in Green county.

A typhoid fever epidemic is raging at Stamford and New Milford, Conn., with fatal results, 327 cases have been reported, and fifty nurses and as many physicians from New York and New Haven are in attendance. The cause of the epidemic is traced to impure milk. One of the most noted physicians in Wisconsin says that typhoid fever can always be traced to impure water or milk.

ONLY TWO CASES OF CONTAGION

One is Diphtheria and One of Scarlet Fever, Both Being Convalescent. Health Officer James Gibson this morning reported only two cases of contagious disease in the city, one being diphtheria in the home of E. F. Carpenter, Third ward, and one of scarlet fever in the home of Fred Malburn, First ward, both cases being convalescent. Quarantine will be removed from the Carpenter home as soon as the premises can be disinfected and but a few days will elapse before the quarantine restrictions are removed from the Malburn home. No new cases of diphtheria have developed, and with proper care the health officer thinks there need be no fear of the contagion.

The 16 to 1 democrats will enjoy a free ride to the free silver convention on an Illinois Central train. With plenty of refreshments the train ought to be well patronized.

BIG BOOM IN FREIGHT BUSINESS

Rise In The Price of Cereals Had a Good Effect.

Freight cars rolled into Janesville Saturday night as thick as hail stones in a Rock County summer shower and switchmen were called upon to do a big day's work. Train after train pulled into the Chicago & Northwestern yards and the capacity of the sidetracks was taxed. Of late business on both roads have been showing much activity and there are many reasons advanced for this revival, the most probable being the sudden advance in the price of wheat and corn, which required large shipments to be made. The Northwestern road yesterday sent eleven "specials" with empty cars into this city from Belvedere, and the "empties" will be sent from Janesville to different points on the road, wherever the shipments of wheat require them. Besides the advance in wheat and corn, live stock has been selling at a good figure, so much so that farmers rush their stock to market, on the first out going train.

An Important Part.

The part E. D. McGowan, the attorney, took in the Power-Shiveley case last week, was very commendable. Shiveley had brought suit against Powers for \$3,000 damages, alleging a fall from a building. Smith, Pierce and Dibble represented the plaintiff and McGowan and Richmond & Smith the defendant. After the plaintiff's testimony was all in, Mr. McGowan made a motion for a non-suit, and his reasons were so good that it was granted. Thus another feather is placed in this eminent young attorney's cap.

A HOLDUP STORY TOLD TO POLICE

HENRY PETERS SAYS FOUR
MEN ATTACKED HIM.

Officers Do Not Think It Was a Very
Bloodthirsty Rumpus However—
Jay Jones Case Is Adjourned—Mrs.
Dulin Made Trouble—Thieving
Tramps Caught.

Henry Peters, a mason living at 257 South Academy street, Saturday night complained to the police that he had been jumped on by four men at the Five Points who attempted to hold him up and in the fracas he was pounded on the head and severely choked.

Peters was working at Jefferson and says that he came down from that town Saturday night on Conductor Neil Mahony's train, which arrives here at 10:40 p. m. He says he was taking a "short cut" home and while passing Schaller & McKey's lumber office, the four men attacked him. One, Peters says, grabbed him by the throat and choked him, while one of the others called for a knife. A third man, Peters said, produced the knife and attempted to hand it to his confederate, but Peters was too quick for him and secured the weapon himself. Mr. Peters at once notified the officers of the occurrence and requested that he be given a chance to see any tramps that might be arrested, as he thought that he could identify his assailants. He said he made no outcry when he was attacked, which accounts for the fact that people in the immediate vicinity of the fracas did not hear any noise. Peters returned to Jefferson this morning and could not be seen, but a Gazette reporter interviewed Mrs. Peters.

"My husband went to the Chicago & Northwestern depot on business on his way home," she said, "and the four men jumped on him." The police, however, are much inclined to think that the alleged row was not a very bloodthirsty one.

Jay Jones Not a Choir Leader.
The case of the state against Jay Jones came up in the municipal court this morning and was adjourned until May 29, he being charged with embezzlement in connection with the collection of an account for another man. Mr. Jones called at The Gazette office this morning and denied, as has been stated in The Gazette, that he had been connected with a choir although he had filled that position in Walworth County. He stated further that he had resided in the state since 1843 and that he was now clerking in a Clinton hotel.

Saturday afternoon two German families had a fight to a finish in the Corn Exchange square. Both reside in the town of Janesville, and drove to the city Saturday to do their shopping, hitching their teams on the Corn Exchange. When it came time to go home, one of them backed the team out, just as the other family drove by. A collision took place, which resulted in the general smashing up of wheels, and then the band began to play. Two women did most of the fighting, and after "slandering" each other back and forth for some time, they finally got tired and the crippled rig was taken to the repair shop. The atmosphere, however, retained a light blue tinge, and a sulphurous taint for some time thereafter.

Mrs. Sherwood Appeals.
In Judge Prichard's court Saturday afternoon, the jury in the case of Matheny against Sherwood, found a verdict for the plaintiff, fixing the amount at \$81.50. This it appears, did not satisfy the defendant, Mrs. Sherwood, and today she took an appeal to the circuit court. The assault and battery case in which Matheny was the defendant, will come off in the municipal court tomorrow.

Chief of Police Acheson arrested two tramps Saturday night and found in their possession a sample bottle of beer that had been stolen from the office of the Knipp Brewing Company. Mr. Knipp identified both men and the bottle.

Mrs. Dulin, of the Five Points, went on a tear Saturday night, and the police looked her up for being drunk. Patrick Mulcairns, alias "Red horse," broke loose on Snipe Hill Saturday night, and smashed some of the furniture in the parental home. Half an hour later he was in jail, and his mother said she would prosecute him.

Dumphy Gets His Money.
Thomas Dumphy, the man who was robbed by William Bates, the negro who was sent to Waupun for that crime, came to town Saturday and claimed what remained of the sum taken. Coroner Cochran succeeded in recovering \$16.05 when he got the colored gentleman at Milwaukee, and this amount was paid to Dumphy. Bates having sent the balance of it before he was arrested.

Martin Nottstedt, who resides on Benton avenue, has been missing a chicken a day from his coop for some time past. Sunday morning he detected the thief right in the act. A mammoth hawk came from the clouds and selected a fat hen whose body no doubt made a Sunday dinner for the hawk family.

A rough and tumble fight took place in the Illinois House at Beloit last night, in which a Janesville man had a hand.

A horse belonging to Mrs. Caldwell, of the town of Janesville, took fright this afternoon, and breaking loose from in front of Colvin's Bakery and ran at break-neck speed down Milwaukee street. The buggy was wrecked.

YESTERDAY'S BASE BALL GAMES

Dubuques Play Great Ball.

The Dubuque ball team are doing great work with the assistance of their five Janesville men. Saturday Schicker and Dixon were the battery and they defeated Waterloo with ease. In regard to the game with the same nine yesterday the Inter Ocean says:

"Two thousand witnessed the final game of the present series on the home ground. Wolf made his first appearance in the box. He was unsteady, but McGinley, who succeeded him in the third, was very effective. The batting of Morrissey and Cantillon was remarkable. The score was 15 to 9 in Dubuques favor."

Wanamassa 14, Forest Park 13

An interesting game took place Saturday afternoon on Bunker hill, between the Forest Parks and the Wanamassa, which after a hot contested game, resulted in the Wanamassa favor, who now challenge any club in the city, sixteen years of age or under. Horn and Drapkin played the points for the Forest Parks, while Flarety and Collins represented the Wanamassa.

Hustlers 16, Light Weights 6.

A game of ball occupied the attention of a number of lovers of the sport yesterday in a meadow in the vicinity of the Five Points, the score resulted in the Hustlers' favor and was sixteen to six. Goodman and Costello played the points for the Hustlers, while Grogan and Sherwood represented the Light Weights.

Golden Eagles Beaten.

The Golden Eagles were defeated by the Madisons yesterday afternoon, by a score of 25 to 1. The game was too one-sided to be interesting. The score:

Madison..... 4 0 1 2 0 12 3 5-25
Janesville..... 0 0 0 1 0 0 0 1-1
Batteries—Madison, Henny and Furtell; Janesville, Aiken and Sullivan.

AN UNKNOWN MAN CUT UP BY WHEELS

STRANGER WHO WAS KILLED
IS NOT IDENTIFIED.

Suspicion of Foul Play Dispelled At The Coroner's Inquest and the Verdict Was "Accidental Death"—Description of the Man and the Articles Found in His Pockets.

An unknown man who was evidently a tramp who incidentally peddled medicines, was killed by a Chicago & Northwestern freight train at 3:30 o'clock Sunday morning, and has not yet been identified. Foul play was hinted at, at first, but that idea has been pretty well exploded.

The accident occurred near the North street crossing and the whole train passed over the man, tearing his scalp from his head; cutting off one foot at the instep and grinding off the other leg between the ankle and the knee. The first news of the accident was brought to the Chicago & Northwestern round house by two negroes who had been, supposedly, the dead man's traveling companions. They left town on a freight train soon after the accident but are not thought to have had any hand in the affair. The coroner's inquest this morning did not bring out any evidence of foul play, other than that one of the dead man's pockets was turned inside out. From the information that the police gleaned, they are of the opinion that the dead man came from Appleton where he recently served five days in jail for vagrancy.

Well Dressed And Clean.

The remains are not those of a common tramp. The man was about forty-five years old; sandy hair complexion and a heavy sandy mustache that had been carefully combed and kept in regular shape. He was about five feet, six inches tall and would weigh probably, 155 pounds. He wore a suit of new underwear, a blue flannel shirt and a pair of cheap coarse trousers over a finer pair and buckle shoes. Search of his pockets brought to light a number of small bottles of medicine, a razor and shaving brush and a small note book in which were a number of entries, some of them receipts for medicines while others related evidently to business transactions, including the names of magazines and figures. One entry was "C. E. I. R. R., Hoopston, Ill.," and on a scrap of ruled legal cap paper was the following, which the police say was probably either the cost or selling mark of some firm:

1 2 3 4 5 6 7 8 9 0
A E I O U Y T R S N

This scrap of paper was folded up and placed inside the book. In his pockets were found several small vials and others were found at the point where he met his death, the majority of them having been broken. Tattooed on Both Arms.

The man had been tattooed quite freely on both arms. On one forearm was the bust of a woman and an eagle, while the other was decorated with a flower pot and flowers with the initials "T. F. W." The index and second fingers on the right hand had been amputated, one at the first and the other at the second joint.

Justice M. S. Prichard issued a summons for a coroner's jury, placing the same in the hands of Chief of Police Acheson, who summoned William Scofield, R. M. Bostwick, Charles Hamilton, O. E. Smith, Sr., Joseph Ryan and William F. Ford. After being sworn the jury examined the body as it lay in the morgue at F. D. Kimball's undertaking establishment, and then an adjournment was taken until 10 o'clock this morning.

Death Was Accidental.

Dr. Joe B. Whiting testified this morning, concerning the finding of the body on the railroad track by a squad of the Fire Police at 3:30 o'clock Sunday morning. He made a careful examination of the body, and gave a very minute description, not only of the body for identification, but also of the injuries. Besides having both legs crushed below the knees, there were several scalp wounds, and the body was considerably bruised. A number of other witnesses testified concerning the finding of the body, but no clue was given as to the identity of the unfortunate stranger.

After listening to all the testimony, the jury at noon, returned a verdict that the man came to his death by being run over by the cars of the Chicago & Northwestern railway company, that his death was accidental, and no one was to be blamed therefore.

LA PRAIRIE SUNDAY SCHOOL OPEN

Officers Elected and Work Outlined Yesterday.

La Prairie's Sunday school was re-organized yesterday afternoon, regardless of the threatening storm and unseasonable cold, at the Orange hall, and the following officers were elected:

Superintendent—William Sherman. Assistant Superintendent—Mrs. Geo. Sherman.

Secretary and Treasurer—Miss Sela Kellogg.

Quite a number came up from Shopiere, adding interest to the occasion. The school meets regularly hereafter at 3 p. m. Sunday.

STAKE SPRAINED HIS ANKLE

William Crouse Met With a Rather Peculiar Accident.

William Crouse, who has been running on the fast stock freight for some time past, met with a peculiar

accident, while alighting from a train. He stepped on a small stake which was driven in the ground, which wrenched his right foot and caused a bad sprain. He went to the office of Drs. Palmer this morning, where his foot was dressed and he will use crutches for some time to come.

WILLIAM WARD SEVERELY INJURED

The Kick of a Horse Lamed the Second Ward Drayman.

William Ward, the east side drayman, was severely injured on Sunday by a kick from one of his horses, and will be confined to his room for some days in consequence. He went to his barn at noon to care for his horses, when one of the animals kicked, striking him on the front part of the left leg midway between the knee and hip, injuring the limb so that it was rendered useless.

CHILDREN JOIN THE CHURCH

Classes Were Confirmed At Trinity and Christ Churches Yesterday.

At the morning services at Trinity church yesterday, Right Reverend Isaac Lea Nicholson, bishop of this diocese, confirmed a class of twenty ones and in the evening, at Christ church, a class of six were confirmed. Rev. Mr. Banfill of Brodhead, and Rev. Mr. Pullen of Austin, Minn., were present at the confirmation services. The churches were both filled to the doors, and the bishop's sermon was very interesting and instructive.

JURY GOT THROUGH IN THIRTEEN DAYS

TALESMEN ARE EXCUSED BY
JUDGE BENNETT.

Criminal Cases Were All Continued For the Term And as All the Remaining Cases Were For the Court the Panel Was Dismissed—Tomorrow's Calendar.

Judge Bennett caused a little surprise in the circuit court this morning when he discharged the petit jurors for the term, the calendar having been cleared of all jury cases. This was brought about by the continuance of a number of cases for various causes, and the petit jurors have been in the service of the county just thirteen days. Saturday the four cases against Ellen Shafer of Orford, charged with selling liquor without a license, were continued for the term, and this morning on the opening of court the remainder of the criminal cases were similarly disposed of. A change of venue was taken in the Beloit breach of promise case—Bryant against Willford, the parties having married since the suit was commenced, and the case goes to Dane county. The case of Newkirk against Shively, being another personal damage case from Evansville, similar to the one disposed of Saturday, was continued for the term by order of the court, as was that of Duffy against Wallihan.

The Other Cases Put Over.

The case of Cyr against Grubb was continued on motion of defendant, and the case of the First National Bank against C. W. and E. H. Dudley was continued on account of the illness of a witness. This disposed of the jury cases for the term, hence Judge Bennett's order for their discharge. The remainder of the cases are for trial by the court, the judge having arranged the following as the day calendar for tomorrow, when a recess was taken until 9 o'clock tomorrow morning.

1. State of Wisconsin vs. Joseph Green and Charles Green.

7. Lamson Consolidated Store Service Co. vs. J. B. McLean.

MARD FROST CAME LAST NIGHT

Corn Will Have To Be Replanted, and Much Damage Done.

Weather Clerk Burnham's self-registering thermometer this morning showed that the temperature during the night had been down to 29 degrees. Ice formed in many parts of the city, and farmers coming in from the country say that corn will have to be replanted. Fruit, which escaped the previous frosts and cold weather, suffered by last night's freeze, but to what extent remains to be developed.

A NUMBER of boys beat their way to Beloit today by hiding under the seats in the passenger coaches. Lemm Brothers circus shows there today, which was the drawing card.

SUNDAY'S SERMON BY DR. TALMAGE

INSTRUCTIVE TALK FOR THE
YOUNG MEN.

Answering a Communication from Fayette, Ohio, He Tells of the Pitfalls That Yawn for the Youth of Our Land.

NEW YORK, MAY 12, 1895.—In his audience at the Academy of Music, Dr. Talmage meets many hundreds of young men, from different parts of the union, and representing almost every calling and profession in life. To them he speaks of the dangers that surround them.

He addressed his discourse this afternoon, the subject being, "Words with Young Men."

"Fayette, O. Reverend Sir—We, the undersigned, being earnest readers of your sermons, especially request that you use as a subject for some one of your future sermons, 'Advice to Young Men.' Yours respectfully, H. S. Millott, F. O. Millott, J. L. Sherwood, Charles T. Rubert, M. E. Elder, S. J. Altman."

Those six young men, I suppose, represent innumerable young men who are about undertaking the battles of life, and who have more interrogation points in their mind than any printer's case ever contained, or printer's fingers ever set up. But few people who have passed fifty years of age are capable of giving advice to young men. Too many begin their counsel by forgetting they ever were young men themselves. November snows do not understand Maytime blossom week. The East wind never did understand the South wind. Autumnal golden-rod makes a poor fist at lecturing about early violets. Generally, after a man has rheumatism in his right foot, he is not competent to discuss juvenile elasticity. Not one man out of a hundred can enlist and keep the attention of the young after there is a bald spot on the cranium. I attended a large meeting in Philadelphia, assembled to discuss how the Young Men's Christian association of that city might be made more attractive for young people, when a man arose and made some suggestions with such lugubrious tone of voice, and a manner that seemed to deplore that everything was going to ruin, when an old friend of mine, at seventy-five years as young in feeling as anyone at twenty, arose and said: "That good brother who has just addressed you will excuse me for saying that a young man would not sooner go and spend an evening among such funeral tones of voice and funeral ideas of religion which that brother seems to have adopted, than he would go and spend the evening in Laurel Hill Cemetery." And yet these young men of Ohio, and all young men, have a right to ask those who have had world and the next world, to give helpful suggestions as to what theories of life one ought to adopt, and what dangers he ought to shun. Attention, young men!

First: Get your soul right. You see, that is the most valuable part of you. It is the most important room in your house. It is the parlor of your entire nature. Put the best pictures on its walls. Put the best music under its arches. It is important to have the kitchen right, and the dining room right, and the cellar right, and all the other rooms of your nature right; but, Oh! the parlor of the soul! Be particular about the guests who enter it. Shut its doors in the faces of those who would defile and pollute it. There are princes and kings who would like to come into it; while there are assassins who would like to come out from behind its curtains, and with silent foot attempt the desperate and murderous. Let the King come in. He is now at the door. Let me be the usher to announce his arrival, and introduce the King of this world; the King of all worlds, the King eternal, invisible, make room. Stand back. Clear the way. Bow, kneel, worship the King. Have him once for your guest, and it does not make much difference who comes or goes. Would you have a warrant against moral disaster, and surety of a noble career? Read at least one chapter of the Bible on your knees every day of your life.

Word the next: Have your body right. "How are you?" I often say when I meet a friend of mine in Brooklyn. He is over seventy, and alert and vigorous, and very prominent in the law. His answer is, "I am living on the capital of a well-spent youth." On the contrary, there are hundreds of thousands of good people who are suffering the results of early sins. The grace of God gives one a new heart, but not a new body. David, the Psalmist, had to cry out, "Remember not the sins of my youth." Let a young man make his body a wine-cask, or a rum jug, or a whisky cask, or a beer barrel, and smoke poisoned cigarettes until his hand trembles, and he is black under the eyes, and his cheeks fall in, and then at some church seek and find religion; yet, all the praying he can do will not hinder the physical consequences of natural law fractured. You six young men of Ohio, and all the young men, take care of your eyes, those windows of the soul. Take care of your ears, and listen to nothing that depraves. Take care of your lips, and see that they utter no profanities. Take care of your nerves by enough sleep and avoiding unhealthy excitements, and by taking out-door exercise, whether by ball, or skate, or by horseback, lawn-tennis, or exhilarating bicycle, if you sit upright and do not join that throng of several hundred thousands who by the wheel are cultivating crooked backs, and cramped chests, and deformed bodies, rapidly coming down toward all-fours, and the attitude of the beasts that perish. Anything that bends body, mind or soul to the earth is unhealthy. Oh, it is a grand thing to be well, but do not depend on pharmacy and the doctors to make you well. Stay well. Read John Todd's Manual, and Combs's Physiology, and everything you can lay your hands on about mastication, and digestion, and assimilation. Where you find one healthy man or woman, you find half dead. From his own experience he can testify that a disciple of the gymnasium, many a time just before going to the parallel bars, and punching bags, and pulleys and weights, I thought Satan was about taking possession of society and the church and the world, but after one

hour of climbing and lifting and pulling, I felt like hastening home so as to be there when the millennium set in. Take a good stout run every day. I find in that habit, which I have kept up since at eighteen years I read the aforesaid Todd's Manual, more recuperation than in anything else. Those six men of Ohio will need all possible nerve, and all possible eyesight, and all possible muscular development before they get through the terrific struggle of this life.

Word the next: Take care of your intellect. Here comes the flood of novelties, ninety-nine out of a hundred belittling to every one that opens them. Here come depraved newspapers, submerging good and elevated American Journalism. Here comes a whole perdition of printed abomination, dumped on the breakfast table, and tea table, and parlor table. Take at least one good newspaper, with able editorial and reporters' columns mostly occupied with helpful intelligence, announcing marriages and deaths and reformatory and religious assemblages, and charities bestowed, and the doings of good people, and giving but little place to nasty divorce cases, and stories of crime, which, like cobras, sting those that touch them. Oh, for more newspapers that put virtue in what is called great primer type, and vice in nonpareil or agate! You have all seen the photographer's negative. He took a picture from it ten or twenty years ago. You ask him now for a picture from that same negative. He opens the great chest containing the black negatives of 1885 or 1875, and he reproduces the picture. Young men, your memory is made up of the negatives of an immortal photograph. All that you see or hear goes into your soul to make pictures for the future. You will have with you till the Judgment Day the negatives of all the bad pictures you have ever looked at, and of all the debauched scenes you have read about. Show me the newspapers you take and the books you read, and I will tell you what are your prospects for well-being in this life, and what will be your residence a million years after the star on which we now live shall have dropped out of the constellation. I never travel on Sunday unless it be a case of necessity or mercy. But last autumn I was in India in a city plague-struck. By the hundreds the people were down with fearful illness. We went to the apothecary to get some preventive of the fever, and the place was crowded with invalids, and we had no confidence in the preventive we purchased from the Hindoos. The mail train was to start Sabbath evening. I said, "Frank, I think the Lord will excuse us if we get out of this place with the first train," and we took it, not feeling quite comfortable till we were hundreds of miles away. I felt we were right in flying from the plague. Well, the air in many of our cities is struck through with a worse plague—the plague of corrupt and damnable literature. Get away from it as soon as possible. It has already ruined the bodies, minds and souls of a multitude which, if stood in solid column, would reach from New York battery to Golden Horn. The plague! The plague!

Word the next: As soon as you can, by industry and economy, have a home of your own. What do I mean by a home? I mean two rooms and the blessing of God on both of them; one room for slumber, one for food, its preparation and the partaking thereof. Mark you, I would like you to have a home with thirty rooms, all upholstered, pictured and statuetted, but I am putting it down at the minimum. A husband and wife who cannot be happy with a home made up of two rooms would not be happy in heaven if they got there. He who wins, and keeps the affection of a good, practical woman has done gloriously. What do I mean by a good woman? I mean one who loved God before she loved you. What do I mean by a practical woman? I mean one who can help you to earn a living, for a time comes in almost every man's life when he is flung of hard misfortune, and you do not want a weakling going around the house whining and sniffing about how she had it before you married her. The simple reason why thousands of men never get on in the world is because they married nonentities and never got over it. The only thing that Job's wife proposed for his boils was a warm poultice of profanity, saying, "Curse God and die." It adds to our admiration of John Wesley the manner in which he conquered domestic unhappiness. His wife had slandered him all over England until standing in his pulpit in City Road Chapel he complained to the people, saying, "I have been charged with every crime in the catalogue except drunkenness;" when his wife arose in the back part of the church and said: "John, you know you were drunk last night." Then Wesley exclaimed, "Thank God, the catalogue is complete." When a man marries, he marries for heaven or hell, and it is more so when a woman marries. You six young men in Fayette, O., had better look out.

Word the next: Do not postpone too long doing something decided for God, humanity and yourself. The greatest things have been done before forty years of age. Pascal at sixteen years of age; Grotius at seventeen; Romulus at twenty; Pitt at twenty-two; Whitefield at twenty-four; Bonaparte at twenty-seven; Lafayette at thirty; Raphael at thirty-seven, had made the world feel their virtue or their vice, and the biggest strokes you will probably make for the truth or against the truth will be before you reach the meridian of life. Do not wait for something to turn up. Go to work and turn it up. There is no such thing as good luck. No man that ever lived has had a better time than I have had; yet I never had any good luck. But instead thereof, a kind Providence has crowned my life with mercies. You will never accomplish much as long as you go at your work on the minute you are expected, and stop at the first minute it is lawful to quit. The greatly useful and successful men of the next century will be those who began half an hour before they were required, and worked at least half an hour after they might have quit. Unless you are willing sometimes to work twelve hours of the day, you will remain on the low levels, and your life will be a prolonged humdrum.

Word the next: Remember that it is only a small part of our life that we are to pass on earth. Less than your finger nail compared with your whole body is the life on earth when compared with the next life. I suppose there are not more than half a dozen people in this world a hundred years old. But a very few people in any country reach eighty. Word the next: Fill yourself with biographies of men who did gloriously

in the business, or occupation, or profession you are about to choose, or have already chosen. Going to be a merchant? Read up Peter Cooper, and Abbot Lawrence, and James Lenox, and William E. Dodge, and George Peabody. See how most of the merchants at the start munched their noonday luncheon made up of dry bread and a hunk of cheese, behind a counter or in a storeroom, as they started in a business which brought them to the top of influence which enabled them to bless the world with millions of dollars consecrated to hospitals, and schools, and churches, and private benefactions, where neither right hand nor left hand knew what the other hand did. Going to be a physician? Read up Harvey, and Grosse, and Sir Adam Clarke, and James Y. Simpson, the discoverer of chloroform as an anæsthetic, and Leslie Keeley, who, notwithstanding all the damage done by his imitators, stands one of the greatest benefactors of the centuries; and all the other mighty physicians who have mended broken bones, and enthroned again deposed intellects, and given their lives to healing the long, deep gash of the world's agony. Going to be a mechanic? Read up the inventors of sewing machines, and cotton gins, and life-saving apparatus, and the men who as architects, and builders, and manufacturers, and day laborers have made a life of thirty years in this century worth more than the full one hundred years of any other century. You six young men of Ohio, and all the other young men—instead of wasting your time on dry essays as to how to do great things, go to the biographical alcove of your village or city library, and acquaint yourselves with men who in the sight of earth, and heaven, and hell, did the great things. Remember, the greatest things are yet

NOW, THE TIME TO MAKE MONEY.

Last month I cleared, after paying all expenses, \$25.28; the month before \$18.80, and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and no money. With the Perfection, you can wash and dry the dishes for a family in two minutes, without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co., Station O, Rockwood, Ill. I feel convinced that my lady or gentleman, in any local market, can make \$5 to \$10 a day, as every family with very young children has a dish washer. Try it and publish your experience for the benefit of others. ALICE O.

In the Past

A good many jokes have been elaborated—at the expense of druggist—on account of his supposed large profits. The above little clipping from the great New York Herald may be taken as an indication that the press and the public are beginning to see the question in another light. We could write volumes on the subject, but perhaps you would not wade through them. This, however we will assert here—The drug store is the proper place to get anything in the drug line, and we can prove that our prices are as low and our goods as good as anywhere else in town. And we do not try to prove this by advertising "draws" at cost; and under, with some article from somebody else's line of business. Here are two of our own lines suitable for present moments.

ALL FAMILIES WANT THE GAZETTE PRIZE

BABY CONTEST IS GETTING
VERY SPIRITED.

Five Hundred Dollars Worth of Building and Loan Association Stock Is a Nice Nest Egg For a Three Year Old and the Vote Between Several Contestants is Very Close.

The time is not far distant now, when some Janesville baby will get The Gazette's \$500 prize. The ballot closes June 1, and then the prize will be awarded. Five hundred dollars is a nice sum for a baby to begin life with. Put it out at interest and when the babe becomes the man or woman, enough cash for a start in life is available.

Do not think that you can sit down and wait for that \$500 to come to your home. The ballots are piling up rapidly, for, naturally enough, \$500 is enough to encourage every father and mother in Janesville to strive for that prize for their "ownest own." Competition is getting strong as the time begins to narrow down and in this case the old adage, "everything comes to he who waits" is far from true. It should be "everything comes to he who hustles." The Gazette has been asked many times to publish the vote as it stands, but this would not be fair. It would tell Brown that Jones was leading him, and The Gazette wishes to treat all hands alike. However, the count is close between several contestants up to date, and, like everything else, the "early bird," etc., applies.

The Gazette's offer is this: The baby receiving the highest number of votes will be presented with \$500 worth of stock in the Rock County Building, Loan & Savings Association.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened on May 1st and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

A Hop, Skip and Jump.

An athletic caper of this sort would scarcely be considered indecorous in one, even of mature age and sedate habits, impelled thereto by excess of joy on recovering his digestion through the instrumentality of Hostetter's Stomach Bitters, foremost among remedies for dyspepsia biliousness and constipation, a trio of evils usually found in conjunction with each other. As the stomach recovers its tone, and the gastric juices are secreted in plentiful abundance through the agency of this superb restorative, nerve tranquility, appetite and sleep return, the body gains in substance and the muscles in vigor. For the prevention and cure of malarious, rheumatic and kidney troubles the Bitters is a most direct and thoroughgoing medicinal agent. Its effects are speedily felt and comprehensive.

Dr. H. R. Fish of Gravois Mills, Mo.

a practicing physician of many years experience, writes: De Witt's Witch Hazel Salve has no equal for indolent sores, scalds and burns. It stops pain instantly, heals a burn quickly and leaves no scar. C. D. Stevens.

G. A. R. Encampment at Milwaukee.

On account of the G. A. R. anniversary celebration at Milwaukee, the Northwestern line will sell excursion tickets at reduced rates on June 8 and 9, good for return passage until June 10, 1895, inclusive. For tickets and full information apply to agents Chicago & North-western Railway.

Our patrons will find De Witt's Little Early Risers, a safe and reliable remedy for constipation, dyspepsia and liver complaints. C. D. Stevens.

Two Excursion Events.

Reform Is Needed.

Sir Isaac Pitman is still earnest in his desire for a "reformed" English orthography. This is the kind of spelling-culled from his recent views on the subject—he would like to see universally adopted: "I do not now profess or language, etymology, or filology, in the universalist or Great Britain, Ireland, Canada and the United States, but do not favor spelling reform."

Bankrupt Shoe Sale.

THE secret of Success lies not in selling Cheap Shoes. We for one don't want any trash in the house, but in selling Good Shoes cheap. No wonder our store grows more popular every day. No wonder we grow in the public confidence every hour. We don't believe as Barnum did, and evidently as many others still do, that the people want to be humbugged. No fairy tale advertisement. Nothing but strictly legitimate business. There's no question about our being successful. Hundreds of thrifty buyers have taken advantage of our sale of that magnificent North Stock. Not a pair but what we are selling at half the regular retail price. Competitors are lost sight of in our slaughter. We set the pace. We put the values below the cost of production. We own the goods mighty cheap.
